Re: Ex Parte Communication, RM-11719; WP 16-261

Dear Ms. Dortch,

On April 5, 2017, Barclay Knapp and the undersigned of M2M Spectrum Networks and Jonathan Adelstein, Don Andrew, and D. Zachary Champ of the Wireless Infrastructure Association met with Suzanne Tetreault, Scot Stone, Paul Moon, and Rodney Conway of the Federal Communications Commission (FCC). At the meeting, Mr. Knapp provided an update of the evolving line of services M2M Spectrum Networks provides to its customers and previewed a rebranding to "iota". Further, industry representatives urged the FCC to continue to abide by a policy of fair and open competition and to not provide undue preference to incumbents.

Sincerely,

/s Shannon Down
